Academic Year 2022-2023

Action Taken Report

A feedback committee has been formed at the college level to solicit feedback and suggestions from students, alumni, parents, employers and teachers regarding the administration of the college, the curriculum taught in the college, academic standards and facilities.

Feedback is essential as evidence for successful implementation of various processes at college level. This feedback is used as a basis for improving a teacher's performance. Feedback Committee carefully and efficiently scrutinizes the feedback and responses of students, parents and other stakeholders. The committee has taken online feedback from students, alumni, parents employers and teachers for the academic year 2022-23.

The feedback committee prepared the feedback as per the guidelines laid down by NAAC. During the year 2022-23, the feedback committee distributed all the feedback forms to each department to collect feedback on the curriculum design as well as teachers' performance.

In total 159 feedback forms were collected from students, alumni, parents, employers and teachers for the academic year 2022-23. The feedback committee analyzed the feedback form accordingly. These suggestions were submitted to the IQAC Committee. The IQAC committee submitted the analysis to the principal of the college. Such feedback forms help to maintain the quality of the college.
