**Report**

**Date-28<sup>th</sup> OCT.2021**

An "Outreach Program" Anti-firecracker campaign for pollution-free Diwali was jointly organized by the Department of Commerce and the Vivek Vahini Samiti from October 25. 2021 to 27 Oct. 2021.

Diwali is coming in a few more days. May this Diwali be a happy one for all. The purchase and subsequent use of Diwali firecrackers are considered a part of happiness. But people are starting to think about it now. Many injustices appear to be taking place for this momentary pleasure.

1. Huge noise pollution 2. Air pollution 3. Accidental fire 4. Fire 5. Trouble to old, sick, examinees 6. Firecrackers make child laborers. The purchase of firecrackers gives recognition and stability to this erroneous practice. Blowing up fireworks is 100% unproductive. Such information was given to the people with the help of students.

With all these factors in mind, I humbly requested the students to reduce the purchase of firecrackers this year as compared to last year. We decided to help the needy by buying good books and other necessities from the money saved and we appealed to the citizens, parents, and students to fill up the accompanying letter and send it back to the college.

Each student in the program was given a resolution. The students were asked to meet five people and convince them of the importance of creating awareness about firecracker-free Diwali. A total of 87 students, 5 persons each, were the 435 beneficiaries of the initiative, who were enlightened by the students about firecracker-free Diwali. Dr. Bandopant Kamble (Head of Department of Commerce), Prof. Kushal Pakhale Sir (Coordinator of Vivek Vahini Samiti), Prof. Asavari Shewale Madam, Prof. Nandkishore Gangale guided the students for this initiative.

#### Outreach Programme in Anti-Fire Crackers Campaign

##### Introduction

With the aim to curb air and noise pollution emanating from bursting of crackers, Department of Commerce and Vivakvahini Samp. every year, undertakes an Anti-Fire Crackers Campaign on the 'Say No to Fire Crackers' before the auspicious festival of Diwali. This is also in consonance with Hon'ble Supreme Court guidelines of year 2005 relating to firecrackers and addressing other problems of sound pollution and guidelines issued under Environment Protection Act 1986.

The burning of Fire Crackers during the festive season of Diwali leads to littering, smog and air pollution, noise pollution. The problem of pollution exists owing to burning of crop residues in the neighbouring states this also being the harvest season. The situation further gets worsened on the eve of Diwali festival with the bursting of fire cracker. The resultant pollution has a profound and long lasting negative impact on the whole environment which cumulatively leads to acute problems in health, especially for elderly people and children also. Furthermore, fire crackers also promote child labour and wastage of money. Rate of fire accidents and injuries also increase alarmingly during this period. Students being young need to be made acutely aware of the above consequences and also in their own turn need to discourage the burning of crackers in their family and community.

##### Objectives

1. To sensitize students and neighbourhood community about the harmful effects of fire crackers.
2. To fight the rising air pollution and demand clean air for our kids.
3. To encourage people for celebrate a cracker-free Diwali.

**विचार करा... फटाके फोडल्याने नक्की काय होते?**

विद्यार्थी, पालक व नागरिक, सप्रेम नमस्कार...

आणखी काही दिवसातच दीपावली येईल. ही दीपावली सर्वांना सुखासमाधानाची, आनंदाची ठरावी ही सदिच्छा.

दीपावलीतील फटाके व शोभेच्या दारूची खरेदी आणि नंतर वापर हा आनंदाचा भाग मानला जातो. परंतु आता सुवाण माणसे याबाबत विचार करू लागली आहेत. असे लक्षात घेते की, या क्षणिक आनंदासाठी अनेक अन्याय घडतात, ते पुढीलप्रमाणे:

१. प्रचंड ध्वनी प्रदुषण. २. प्रचंड वायू प्रदुषण. ३. अपघाताने भाजणे. ४. आग लागणे. ५. वृद्ध, आबारी, परीक्षार्थी या सर्वांना त्रास. ६. फटाके बाल कामगार तयार करतात. फटाके खरेदीतून या चुकीच्या प्रथेला मान्यता व स्थिरता येते. ७. फटाके व शोभेची दारू उडवणे हे १०० टक्के अनुत्पादक आहे. पैशाचा धूर काढणे असेच त्याचे वर्णन करावे लागेल.

वरील सर्व लक्षात घेता कळकळीची विनंती या वर्षी मागील वर्षीपेक्षा फटाके, शोभेची दारू याची खरेदी कमीत कमी/अजिबात न करण्याचा निश्चय करू या! त्या वाचलेल्या पैशातून छान पुस्तके, इतर गरजेच्या साधनसामुग्री घेण्याचा संकल्प करू या! आणि गरजूंना मदत करू या. सोबत संकल्प पत्र दिले आहे. ते भरून नागरिक, पालक व विद्यार्थी यांच्या सहीने महाविद्यालयात परत द्यावे असे आवाहन आम्ही करत आहोत.

- सूचना -

महाविद्यालयातील सर्व विद्यार्थ्यांना आवाहन करण्यात येते की, आपण ही दिवाळी 'फटाकेमुक्त दिवाळी' म्हणून साजरी करू या. फटाके फोडल्याने ध्वनी व नागू प्रदूषण होते. त्याचबरोबर काही अपघातांच्याही हातमा हाडतात. वृक्ष लोके, अजर्जर मागसे व परीक्षार्थी या सर्वांचे हातकात त्यांचे त्रास होतो. तरी आपणास आवाहन करण्यात येते की, या दिवाळीस आपण कमीत कमी फटाके फोडावेत किंवा 'फटाकेमुक्त दिवाळी' साजरी करावी.

### Compulsory English (Core Course-CC)

(Choice Based Credit System-70:30-Pattern)

(w. e. f- 2020-2021)

(03 Credit Course)

#### **Preamble:**

The course aims at contributing to the overall personality development of the students. They have to be good human beings before anything else. This laudable aim involves instilling essential human values like tolerance, understanding, sympathy, respecting the differences, living in harmony with nature, protecting the environment etc. In our prose and poetry selections we have kept these considerations in mind. We offer an adequate mix of British, American, Indian and other writers and poets because we want our students to be responsive to an era of globalization but at the same time they have to be rooted in Indian culture and ethos.

Our students have to develop into responsible citizens of the world. They have to become confident and face the challenges of life successfully. Effective use of language is necessary for success in all walks of life. Hence we have focused on enhancing the linguistic skills of the students by concentrating on essential aspects of grammar and enrichment of vocabulary. Apart from the professional and technical qualifications of the employees, the present day employers generally look for certain soft skills which relate to some positive personality traits, attitudes and social skills. Hence the course includes units on some essential soft skills. The course is thus a value oriented and a skill-based course.

#### **Objectives:**

- a) To expose students to the best examples of literature in English and to contribute to their emotional quotient as well as independent thinking.
  - b) To instill universal human values through best pieces of literature in English
  - c) To develop effective communication skills by developing ability to use right words in the right context.
  - d) To enhance employability of the students by developing their basic soft skills
  - e) To revise and reinforce the learning of some important areas of grammar for better linguistic competence.

  - **Considering** the choice-based credit system (CBCS) and the semester pattern, both Semesters-III & IV will have a uniform evaluation pattern of 100 marks each. There will be an 'Internal Examination' for 30 marks and 'Semester-end Examination' for 70 marks.
  - **The Internal Examination** for 30 marks will be conducted at college level.

**"22nd International Inter-Disciplinary Conference Held at Dr.  
Babasaheb Ambedkar College"**

**Report**

A one-day International Conference on "Contribution of Female Role in various Sectors of the Country and abroad" was organized by Dr. Babasaheb Ambedkar College, collaboration with 22nd International Interdisciplinary Council, Snehavardhan Research Institute, Pune.

The conference was inaugurated by Hon. Pratibha Modak (senior author), Dr. Sadanand More (Senior Researcher of Saint Literature) as the speaker, Mrs. Minatai Jagadhane as the president (Member Managing Council, Rayat Education Institute, Satara), and Mrs. Minaltai Sasane (Senior Social Worker) as an auspicious presence. Dr. Dhananjay Keskar (Vice-Chancellor, Amnesty International Institute Mauritius), Ms Swati Patankar (Well known Anchor and speakers) were present. Prof. Madhumati Kunjal (Mauritius), Dr. Laxmi Zaman (Mauritius), Smt. Sushma Shinde (Dubai), Dr. Revant Vickramasing (Sri Lanka) Dr. Sujata Keskar (Mauritius), Dr. Vishwas Shinde (Dubai), Hon. Vishwadeep Karamchand (Mauritius) from abroad was present. Dr. Tukaram Rongte (Savitribai Phule Pune University) Dr. Shirish Landge (Ahmadnagar), Dr. Ashok Chaskar (Savitribai Phule Pune University), Dr. C.R. Rajhans (Madhya Pradesh), Dr. Anjali Kurne (Savitribai Phule Pune University), Hon. Colonel Anand (Pune) along with other researchers from India and abroad were present.

Dr. Sadanand More said that many women around him will be working for the cause. On the occasion of this conference, the workforce of many neglected women will be extended globally. The duty of women working in every field should come before the society. Often the duties of women in our history are suppressed. The Industrial Revolution took place during the reign of Victoria Queen, who was on the throne of England. She moves the

whole world through the wheel. Kunti in the Mahabharata inspired his children to seek their own kingdom. Rajmata Jijau appears to have a considerable share in the personality of Shivaji Maharaj. Also, Muktabai, who is younger than Dnyaneshwar Maharaj, appears to have preached to Dnyaneshwar. Therefore, on the occasion of today's conference, the work of women in history and in every field will reach global level. Expressed that opinion.

Inaugurator for the program, Hon. Pratibha Shahu Modak said that on the occasion of this conference, the duty of all women on earth will be considered and through this conference the duty of women will come to the society. Social activist and Chair of the program, Mrs. Minalatai Jagadhane, said that, 'Women of the all human race have contributed to the building of the society. Among them, Savitribai Phule, Ramabai Ranade, Anutai Wagh, Lilatai Patil, Sindhutai Sapakal, all the women who work for the cause of the society are worthwhile.' Vice Chancellor Dr. Dhananjay Keskar said that, 'The function and duty of women from different countries will come to the world on the occasion of this conference. Therefore, the duty of the neglected woman is being highlighted.'

Hon. Minaltai Sasane was the chief guest at the closing ceremony of the program, said 'We can see many women have paid their duty in the society. Besides, Mary Kom in sports, Rahi Sarpotdar, PT Usha, PV Sindhu as well as social activist Sudha Murthy, Prime Minister of Pakistan Benazir Bhutto, Mother Teresa, who spent her life in patient care, Madam Marie Curie, who spent her life in research.' Expressed her views.

Dr. Snehal Taware, Head of Snehavardhan Publication, said that "The conference has been organized to provide a platform for female performance at national and international level." Principal of the college, Dr. Shivling Menkudale said that "To promote good thoughts among the students. This is the work of the mother of the household. Women have contributed tremendously to the upliftment of society. Among them, Rajmata Jijau, Krantijyoti Savitribai Phule, Indira Gandhi, Pratibhatai Patil, Laxmibai Patil and Kalpana Chawla will have to be mentioned. The root of social change lies in woman power. Women should be aware of their duty. The Principal said that this conference was held for this purpose." Dr. Sanjay Nagarkar, Vice Principal of the college, introduced the reception and guests of the program. Vote of Thanks were paid by Dr. Savita Patil. The conference was attended by 250 researchers from India and abroad.

In the session 2, the resource person Dr. C.S. Rajhans elucidated Mahashweta Devi's contribution to literature. He pointed out the parameter to bodily presentation.

In the session 3, Dr. Sangeeta Gokhale shared the names and achieve of women laureate. She focussed the theme entitled "No Pain No Gain". She illustrated how the journey towards writer was though being woman. She illustrated through video presentation.

**Date-28<sup>th</sup> OCT.2021**

An "Outreach Program" Anti-firecracker campaign for pollution-free Diwali was jointly organized by the Department of Commerce and the Vivek Vahini Samiti from October 25, 2021 to 27 Oct. 2021.

Diwali is coming in a few more days. May this Diwali be a happy one for all. The purchase and subsequent use of Diwali firecrackers are considered a part of happiness. But people are starting to think about it now. Many injustices appear to be taking place for this momentary pleasure.

1. Huge noise pollution 2. Air pollution 3. Accidental fire 4. Fire 5. Trouble to old, sick, examinees 6. Firecrackers make child laborers. The purchase of firecrackers gives recognition and stability to this erroneous practice. Blowing up fireworks is 100% unproductive. Such information was given to the people with the help of students.

With all these factors in mind, I humbly requested the students to reduce the purchase of firecrackers this year as compared to last year. We decided to help the needy by buying good books and other necessities from the money saved and we appealed to the citizens, parents, and students to fill up the accompanying letter and send it back to the college.

Each student in the program was given a resolution. The students were asked to meet five people and convince them of the importance of creating awareness about firecracker-free Diwali. A total of 87 students, 5 persons each, were the 435 beneficiaries of the initiative, who were enlightened by the students about firecracker-free Diwali. Dr. Bandopant Kamble (Head of Department of Commerce), Prof. Kushal Pakhale Sir (Coordinator of Vivek Vahini Samiti), Prof. Asavari Shewale Madam, Prof. Nandkishore Gangale guided the students for this initiative.

**COMPOST KHAT: REPORT**

Date: 3/1/2023

Vermicompost is known to be the world's best fertilizer. Vermicomposting is a method of preparing enriched compost with the use of earthworms. It is one of the easiest methods to recycle agricultural wastes and to produce quality compost. Earthworms consume biomass and excrete it in digested form called worm casts. Worm casts are popularly called as Black gold. The casts are rich in nutrients, growth promoting substances, beneficial soil micro flora and having properties of inhibiting pathogenic microbes. Vermicompost is stable, fine granular organic manure, which enriches soil quality by improving its physicochemical and biological properties. It is highly useful in raising seedlings and for crop production. Vermicompost is becoming popular as a major component of organic farming system. Using Vermicompost can fulfill the requirements for organically grown products.. It is a growth promoter and helpful in providing hormones required for plant growth. There is a lot of demand for vermicompost among farmers as its use increases quality of agricultural products and it's price is also cheaper. It is also used widely in pot culture and in home gardens.

Process of vermicompost preparation: Vermicomposting is done by either bed or pit method. **ROOFTOP RAINWATER HARVESTING: REPORT**

**Date: 3/1/2023**

Water is essential for life and plays a major role in earth's climate. By modifying land use, the proportion of the different pathways, evaporation, Percolation and run off change. The never ending exchange of water from the atmosphere to the oceans and back again is known Hydrological Cycle. Concept of rainwater harvesting lies in: – Tapping the rainwater from where it falls – Techniques of rainwater harvesting involve Catch the rainwater from localized catchment surfaces such as roof of a College , plain and sloping ground surfaces etc. It is easy process to collect Rainwater and diverted into ponds, vessels or underground tanks to store for longer periods and to recharge by construction of RWH Structures in a suitable sites.

Rainwater harvesting is in two ways implementation for college -- **1. Direct Use:** The process of collecting and storing the rainwater by construction of sump through filters for future productive use and **2. Artificial recharge to groundwater:** Recharge the rainwater in a scientifically planned way by construction of rain / roof top water harvesting structures to augment the groundwater.

**ADVANTAGES OF RAINWATER HARVESTING:**

1. Recharge to groundwater and built up in ground water levels. 2. Rejuvenation of dried up wells. 3. Improvement in the yields of wells. 4. Improvement in the quality of ground water through dilution. 5. Helps in reducing inundation of roads and flood hazards. 6. Save future generations from water scarcity problem. 7. The structures recommended for rainwater harvesting area simple, economical and eco- friendly.
