**(Briefly write the selection Policy of the department)**

**Year (2021-2022)**

Department of English has designed its policy for its slow and advanced learners on the basis of learning capacity of students in each course to provide guidance and assistance accordingly. The aim of this policy is to satisfy the needs of slow and advanced learners and ultimately to increase their competencies to succeed in future life. College conducted diagnostic test to identify slow and advanced learners. On the basis of their performance in the test they were divided into respective categories. Lack of motivation and interest, slow reaction time class test score less than 40% were the criteria to identify slow learner. High grasping capacity, quick responses, self-directed and self-motivated, strong mental ability to deal with higher order problems. Test score more than 70% were the criteria to identify advance learners. Remedial measures are taken by the department to assess learning level of each student on the basis of class test performance along with classroom observations and interactions.
