Societal Survey Completion Report

Date -15/04/2022

Introduction –

A Societal Survey was conducted by TYBCom students of Dr Babasaheb Ambedkar College, Aundh, Pune, covering important topics such as work culture, biometric systems, insurance, road safety, and more. The objective of the survey was to develop the research and analytical skills of the students while providing them with hands-on experience in conducting and analyzing surveys.

The survey was conducted by 20 groups, covering different societal issues and topics. The survey aimed to better understand the attitudes and perceptions of Pune city residents towards these societal issues, including the diverse viewpoints and experiences of different age groups, genders, and professions. A total of 1307 respondents were being surveyed by the TYBCom students. The survey report will serve as a valuable resource for policymakers and stakeholders in identifying areas that require more attention and making recommendations towards the development of a more sustainable and inclusive society.

Overall, the Societal Survey was a success in achieving its objectives and providing TYBCom students with a valuable learning experience while contributing towards the development of a more sustainable and inclusive society.

• Objective of Societal Survey –

Following are the objectives of societal survey.

1. To provide TYBCom students with hands-on experience in designing, conducting, and analyzing a societal survey on important topics such as road safety, work culture, biometric system, insurance, and more.
2. To develop the research and analytical skills of TYBCom students, including data collection, data analysis, and report writing.
3. To help TYBCom students better to understand the attitudes and perceptions of Pune city residents towards societal issues, including the diverse viewpoints and experiences of different age groups, genders, and professions.
4. To provide TYBCom students an opportunity to contribute towards the development of a more sustainable and inclusive society by identifying areas that require more attention and making recommendations to policymakers and stakeholders.
